COMPANY CATALOGUE

CLEAR VIEW FENCING

Clear View Fencing is a type of welded wire mesh fence which is designed to be a barrier for maximum perimeter protection and excellent visibility through the mesh.

FABRICATION SERVICES

Welding is a fabrication or sculptural process that joins materials, usually metals or thermoplastics, by causing fusion..

Kay Steel & Fencing therefore fabricates steel products such as gates, palisade, window and door frames as per specifications.

PRODUCTS

NOTE:

Fences are primarily for the protection and privacy of your property. However, they are a stylistic consideration as well.

We can discuss your requirements and fashion tailor-made trellis and fence options to suit your style and budget.

PLAIN WIRE

KAY Steel & Fencing utilizes high strength wire from trusted sources to control the quality of the final fencing products. Enough iron and steel is recycled each year to save the nation 74% of the energy!
